

Seabadge Pacific Northwest 2026

Seabadge Pacific Northwest 2026 is here to equip you with the skills and confidence to inspire change and build a brighter future for your Sea Scout program, empowering you to make a lasting impact in your scouting!

What is Seabadge? Seabadge is a weekend course that begins Friday afternoon and concludes with a closing

ceremony on Sunday. Course participants and staff function as a model ship to help participants understand how a ship or youth-led unit should function. The curriculum includes twenty sessions, with established objectives, that are presented in a motivating and informative forum.

What is the purpose of Seabadge? The objectives of Seabadge are to:

Improve the understanding of leadership, management, and motivational skills among adult leaders.

Provide management, leadership, and presentation skills and tools to adult leaders so that they may use and share them with others in their day-to-day Scout activities.

Use the skills and tools acquired at Seabadge to improve the quality of the Sea Scout program.

Encourage the development of lifelong contacts and sharing of resources by and between course participants and staff.

Who Can Join? Seabadge is open to all adults in all programs of Scouting.
