"FUN WITH A PURPOSE!"

Our Theme This Year Is

Under The Sea

Here you will find information to share with the kiddos about the theme and/or special notes about the stations. As a Den Walker, you are responsible for ensuring that you go over the enclosed info with the kids. There are some adventures or awards they may not be able to complete unless you cover this info. You will also find information for you and your fellow adults.

Emergency Drill Procedures

Three Long Horn Blasts - Shut down all activities. Gather youth. Move youth to Flag station for muster (headcount). Station Staff leave last after all youth evacuated.

Once on location, take head count of all youth and adults with your Den. If ALL accounted for, have everyone take a seat and wait for further instruction. In the event of inclement weather, we will have the Dens take shelter under the cooking shelter. In the event of fire in the campgrounds requiring evacuation, we will have ALL camp attendees, including staff, go to the parking lot, load youth into all available vehicles and transport them to Safeway, 26916 Maple Vly Hwy, Maple Valley, WA 98038. There we will get another head count and begin calling families.
