Unit Swim Classification Record

This is the individual's swim classification as of this date. Any change in status after this date (i.e., nonswimmer to beginner or beginner to swimmer) would require a reclassification test performed by an approved test administrator. Changes and corrections to the following chart should be initialed and dated by the test administrator.

SPECIAL NOTE: When swim tests are conducted away from camp, the camp aquatic director retains the right to review or retest any or all participants to assure that standards have been maintained.

Unit Number 571 Date of Swim Test 10/4/20

Frequently Asked Questions

Q: What if I cannot pass the BSA Swim Test prior to arrival? *A: You will not be permitted to participate or stay at Sea Base.*

Q: What if I cannot complete the Sea Base Swim Review upon arrival? *A: You will not be permitted to participate or stay at Sea Base.*

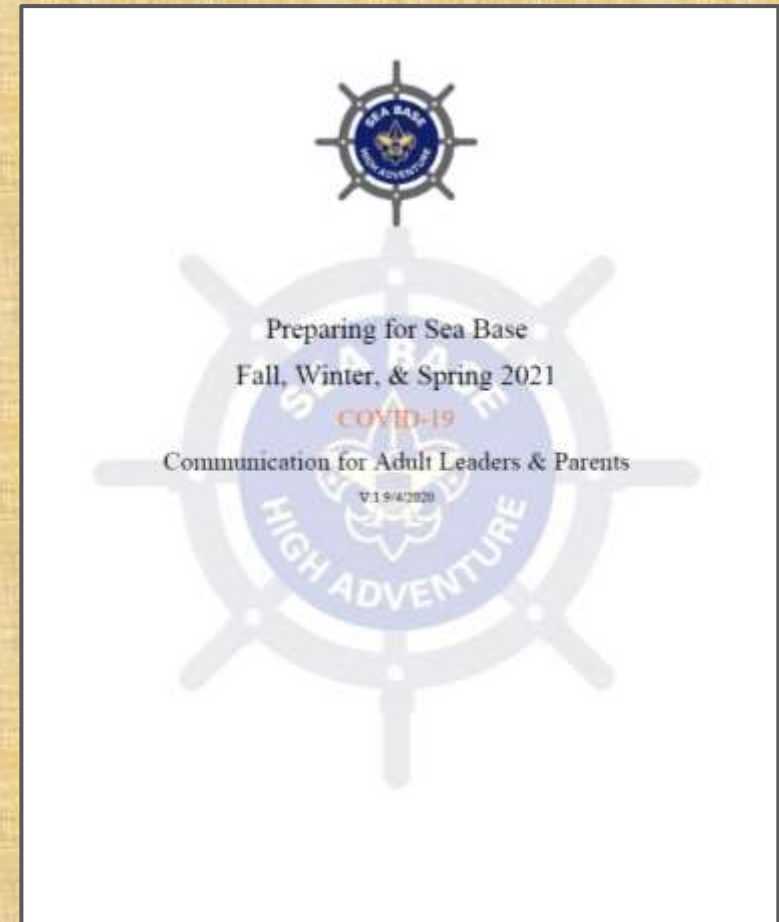

Q: What if I arrive without a signed medical? *A: All medical documentation must be taken care of in advance and signed by a physician. You will not be permitted to participate or stay at Sea Base.*

Q: Do crew members need to purchase a fishing license? *A: Crews do not need to purchase individual fishing licenses. All sailing vessels will have fishing permits.*

COVID Safety

Pre-Trek Planning, Unit Screening

- **Cohorts and Social Distancing:** Due to the nature of Sea Base programs, participants within a crew cannot be expected to socially distance from one another. As a result, each crew will be treated as a cohort. Cohorts will not be permitted to interact with other cohorts or unassigned staff members.
- **Know Before You Go:** Units traveling from areas experiencing community spread, at the time of their scheduled arrival, are not eligible to attend Sea Base. Impacted units will be contacted by Sea Base.
- **Required Unit Screening:** Crews must set a date, 1-2 days prior to travel, to complete the required Sea Base Pre-Event Medical Screening Checklist. The document must be submitted upon arrival.
- **Illness Restrictions:** Sick individuals are not eligible to attend Sea Base.
- **Temperature Restrictions:** Individuals with elevated temperatures, above 100.4, are not eligible to attend Sea Base.
- **Illness/Temperature Restrictions Impacting Crews:** Units arriving with (1) or more participants who are sick or have an elevated temperature will be sent to a physician for treatment/testing. If (1) or more members of the crew test positive for a communicable illness/disease, including COVID-19, the crew will not be permitted to remain onsite.
- **Chronic Medical Conditions:** Individuals with serious, chronic, medical conditions should seek medical advice from their physician prior to attending Sea Base.

COVID Safety, Part 2

Pre-Trek Planning, Unit Screening

- **Travel Restrictions:** Participants who have traveled outside of the continental United States in the last 1-14 days are not eligible to attend Sea Base unless they have been tested for and cleared of COVID-19.
- **Exposure Restrictions:** Participants who have been exposed to COVID-19 in the last 1-14 days are not eligible to attend Sea Base unless they have been tested for and cleared of COVID-19.
- **Pre-Trek Social Distancing:** Crews must communicate to participants that they should ensure proper distancing between participants and others, other than immediate family members, 2 weeks prior to attending Sea Base whenever possible.
- **Pre-Trek Social Distancing:** Crews must communicate to participants and parents that they should require immediate family members to socially distance 2 weeks prior to their family members arrival at Sea Base whenever possible.
- **Hand Sanitizer Requirement:** Crews must purchase or require each participant to purchase sufficient hand sanitizer to last the duration of the trip to and from Sea Base.
- **Facial Covering Requirement:** Crews must purchase or require each person to purchase a facial covering. Sea Base recommends a “Buff” or “Gaiter” style facial covering like those available at Sea Base Ship Store. Facial coverings must be worn anytime a crew is in common areas where they might encounter individuals from other crews or unassigned staff members, food service areas, retail stores, check-in, aboard vessels with other crews.

Pre-Event Medical Screening Checklist

This is a tool to assist leaders in identifying potentially communicable diseases in advance of event participation. The intent of this checklist is to review with each participant their current health status both before departure and upon arrival at the event.

Has the participant had any of the following symptoms in the last 24 hours?

- Fever (100.4 F or greater)
- Vomiting
- Diarrhea

If the participant has fever, vomiting, OR diarrhea—**he or she should stay home.**

Has the participant had any of the following symptoms in the last 24 hours?

- Unexplained extreme fatigue or muscle aches
- Rash
- Cough
- Sore throat
- Open sore

If the participant has any two (or more) of these symptoms—**he or she should stay home.** If the participant has one of these symptoms, discuss any limitations and restrictions and consider having him or her stay home.

Participants who become ill should not return to the activity until they are cleared by a health-care provider.

COVID Safety, Part 3

Pre-Trek Planning, Unit Screening

- **Snorkel & Mask Requirement:** Due to COVID-19, Sea Base will no longer provide masks and snorkels. Crews must purchase or require each participant to purchase a snorkel and mask. Sea Base recommends that individuals purchase quality masks and snorkels as “inexpensive” masks and snorkels often leak, fit poorly or break. Quality, discounted, masks and snorkels are available at Sea Base Ship Store.
- **Sanitation Chief:** Each crew must elect/assign a youth member of your crew to act as the Sanitation Chief for the duration of your adventure.
- **Crew Participation Model and Social Distancing:** Due to the nature of program types, activities and safety requirements, it is not possible for Sea Base to socially distance within a crew (person to person) or distance the crew from assigned staff members.
- **Social Distancing Requirements:** Crews are required to socially distance from other crews, the public and non-assigned staff members. Crews refusing to socially distance will not be permitted to remain onsite.
- **Travel Types:** Crews should avoid traveling to Sea Base aboard trains or busses unless the provider has social distancing and air purification plans in place.

COVID Safety, Part 4

Traveling to Sea Base

Units traveling to Sea Base should take the following precautions to limit the risk of contracting COVID-19 while traveling to and/from Sea Base:

- **Sickness:** Do not allow participants who are sick to travel.
- **Exposure:** Do not allow participants who have been exposed to COVID-19 to travel.
- **Handwashing:** Wash hands frequently.
- **Touching:** Avoid touching eyes, nose, mouth.
- **Hand Sanitation:** Bring hand sanitizer containing at least 60% alcohol & use frequently.
- **Facial Covering:** Bring and use facial coverings.
- **Touching:** Avoid unnecessary touching of handrails, doors, etc.
- **Social Distancing:** Avoid close contact with non-crew members, within 6ft.
- **Food Service:** Pick up food at drive-throughs, curbside delivery, or stores.
- **Stops:** Limit non-essential stops.
- **Transportation:** Avoid trains and busses unless the provider has social distancing and air purification plans in place.

Youth Leadership Elections

Youth Crew Leader (1 per crew)

- Sea Base should be a youth led adventure. Crews must elect a **seasoned** crew leader prior to onsite arrival. Sea Base should not be the youths first leadership experience. Youth will make duty assignments for both youth and adults. Ensure that those duties are completed and follow up with the crew when they are not.

Quartermaster (1 for full contingent)

- Organize and look after all troop gear during the trip. In particular, this scout needs to put together two Sea Base specific first aid kits including any over the counter medications that might be needed.

Crew #1

- John Bien
- Robert Fischer
- Arjun Mandadi
- Nolan Menting
- **Connor Russi**
- Ken Fischer (Adult)
- Darryl Russi (Adult)
- Don Smith (Adult)

Crew #2

- Noah Burtness
- **Ian Drapp**
- Jack Knudson
- Colin Shamp
- Will Wilems
- Andrew Drapp (Adult)
- Brent Knudson (Adult)
- Jason Shamp (Adult)

Youth Leadership Elections

Sanitization Chief (1 per crew)

- Each crew must elect/assign a youth member of your crew to act as the Sanitation Chief for the duration of your adventure. Responsibilities will include:
 - Instructing/reminding crew members to socially distance from other travelers, other crews, staff members.
 - Instructing/reminding crew members not to touch their eyes, nose, mouth.
 - Instructing/reminding crew members to wash hands and use hand sanitizer.
 - Instructing/reminding crew members to wear facial coverings.
 - Instructing/reminding crew members to sanitize vessels/dormitories.

Crew #1

- **John Bien**
- Robert Fischer
- Arjun Mandadi
- Nolan Menting
- Connor Russi
- Ken Fischer (Adult)
- Darryl Russi (Adult)
- Don Smith (Adult)

Crew #2

- Noah Burtness
- Ian Drapp
- Jack Knudson
- Colin Shamp
- **Will Wilems**
- Andrew Drapp (Adult)
- Brent Knudson (Adult)
- Jason Shamp (Adult)
